

Louisiana Youth Enhanced Services

LA-Y.E.S. Needs Your Involvement!

What is LA-Y.E.S.?

LA-Y.E.S. is our state's system of care project, designed to connect families, community organizations, faith-based groups, schools, and child-serving community agencies to improve mental health services for youth between 3 and 21 years old in Orleans, Jefferson, Plaquemines, and St. Bernard parishes.

What do we need?

- We need parents who want to be actively involved in their child's mental health plan.
- We need mental health agency representatives who want to be actively involved in improving children's mental health service delivery.
- We need school teachers and workers who want to improve children's classroom behavior.
- We need neighborhood groups, businesses and churches that want to increase the quality of life in their communities.
- We need **YOU!**

How can you get involved?

Become a member of the LA-Y.E.S. Consortium. Voice your concerns about the state of children's mental health services, network with parents and professionals, join a committee, be a part of the SOLUTION.
